

TEC

Sponsorship & Exhibit Opportunities

Texas Electric Cooperatives hosts several annual conferences covering a broad range of topics. The primary purpose of these conferences is to provide an environment for co-op employees to learn, network and share ideas. Conferences also provide a unique opportunity for vendors and exhibitors to interact with specific employee groups.

Conferences are built by committees made up of representatives from regions across the state. Committee members work along with the association to ensure relevant learning opportunities and timely information. TEC has delivered more than 75 years of leadership driven conferences.

Loss Control Conference & Exhibit Show

The Loss Control Conference and Exhibit Show educates and informs employees on safe practices to incorporate both in and out of the workplace. Sessions typically include real-world examples of how employees can perform highly dangerous work safely. Networking opportunities include an exhibit show and golf tournament for attendees.
